

ANMC Speciality Clinic wait times: Days to Third Next Available Appointment

December 2015

<i>Clinic</i>	<i>Current Days (Dec. 2015)</i>	<i>Dec. 2014; Notes</i>
Cardiology	0	Dec. 2014: 2
Dermatology	12	Dec. 2014: 24 The department is showing improvement in decreasing their wait times. There is currently only one physician and one Advanced Nurse Practitioner and during the month of December they were sharing time off due to the holidays. We expect the trend of increased access to continue. While our third next available appointment is high, the community wait for a dermatology appointment is much longer at three-plus months.
