Purchased Referred Care
**Student Medical
Program**

What full-time students and their families need
to know about health care funding when they
are attending school outside Alaska

ALASKA NATIVE
MEDICAL CENTER

What is Purchased/ Referred Care?

Purchased Referred Care (PRC) is a benefit to eligible Alaska Native and American Indian people that provides funding for referred medical services not available at the Alaska Native Medical Center (ANMC). ANMC PRC's policies and procedures may allow us to assist with the cost of medical services received from non-ANMC facilities.

The student program will only authorize payment for emergent medical conditions for which immediate medical attention is necessary to prevent the death or serious impairment of the health of an individual.

Who is eligible?

Alaska Native and American Indian spouses and legal dependents who temporarily leave their permanent residence in Alaska to attend programs of vocational, technical or academic study on a full-time basis and are identified as:

- Alaska Native and American Indian enrolled members, or descendants of a federally recognized Tribe who have provided ANMC with their proof of eligibility.
- Non-Alaska Native and American Indian women pregnant with an eligible Alaska Native and American Indian man's child for services affecting the pregnancy and postpartum care.

- Children of eligible Alaska Native and American Indians, including non-Alaska Native and American Indian foster children, adopted children, stepchildren, legal wards or orphans, until age 19.

Students whose permanent residence is in the service area of Tanana Chiefs Conference, Ketchikan Indian Community or Metlakatla Indian Community should seek coverage through their respective PRC program.

What is the process and coverage?

Provide ANMC PRC the following at the start of each school semester:

- A notarized official letter from the school verifying the student's full-time attendance.
- Current patient registration worksheet with current mailing address and telephone number while going to school outside Alaska.

Students are encouraged to purchase and use school health insurance when available. In most cases, the benefits are excellent and the cost is minimal.

Student funding for health care includes normal breaks up to 180 days after the completion of the semester. Once the student has graduated or discontinues full-time status outside Alaska, medical coverage is limited to emergency care for a period up to 180 days.

What is the approval process?

- Report all medical services to the ANMC PRC office. A relative, friend or provider may notify ANMC PRC on your behalf.
- To receive payment authorization, please provide medical records to ANMC PRC.

Preauthorize all dental services for payment before treatment by calling the Area Dental Office at (907) 729-5602.

Things to do before leaving Alaska

- Take care of routine medical and dental needs: school physicals, immunizations, vision examinations, birth control, dental care, etc.
- Beneficiaries are required to be screened for alternate health resources. Please call (888) 770-7346 or (907) 729-0569 to be screened by Outreach and Enrollment.

If you have questions related to eligibility or if the service you need is covered, visit www.anmc.org/prc.
