

Dear Student,

Congratulations on your decision to continue your education! This letter provides information and requirements that students need to follow in order to receive medical and dental benefits while attending schools outside the State of Alaska.

The Alaska Native Medical Center's (ANMC) Purchased Referred Care (PRC) provides limited funding for eligible Alaska Native/American Indian students, student's spouse and legal dependents, who are temporarily residing outside of the State of Alaska, for the purpose of attending programs of vocational, technical or academic education on a **full-time basis**. ANMC PRC is not an insurance program and only provides coverage for students who are Alaska residents and will be maintaining Alaska residency. Medical coverage is limited to acute medical conditions and is continued for a period not to exceed 180 days after completion of studies.

Student funding for health care includes normal school breaks such as spring break, but does not include summer vacation. ANMC PRC procedure states that during summer vacation, the home service areas in Alaska are responsible for their respective student's health care. ANMC PRC covers the Anchorage Service Unit areas excluded from the ANMC PRC student program are those residents of the **Tanana Chiefs Conference, the Ketchikan Indian Community or the Metlakatla Indian Community**.

Due to limited funding, PRC will only authorize payment for **acute or urgent conditions for which medical attention is necessary**. Students and/or their legal dependents should take care of routine medical and dental needs before leaving the State of Alaska. Routine care is the financial responsibility of the student. Some examples of routine care include school physicals, immunizations, vision and hearing examinations, family planning, dental care and non-emergent/urgent surgical procedures. Additionally, the patient or legal dependent could be expected to return to Alaska for surgical procedures that are not urgent/emergent in nature. When possible, follow up care should be completed with a Primary Care Provider or Tribal Clinic in the home service areas in Alaska. Inpatient or outpatient mental health/substance treatment service do not fall within ANMC PRC medical priorities and will not be authorized by ANMC PRC.

REQUIREMENTS FOR STUDENTS AND LEGAL DEPENDANTS:

- Students and/or legal dependents are expected to utilize medical that are provided through a school's health program or clinic and are encouraged to purchase and utilize school health insurance when available. This type of insurance will make at least a partial payment of the medical bill and will enable the ANMC PRC program to provide more services to a greater number of students. If medical or dental care is received off-campus when these services are available, ANMC PRC will not authorize payment.

Please see the complete list of requirements on next page:

- Students are required to utilize Indian Health Service (IHS) facilities if they are available. Students can access the IHS facility list at <https://ihs.gov/forpatients/healthcare>. Contact each IHS/Tribal Facility to see if you can receive care at the facility. ANMC PRC will deny payment to non-IHS providers in those instances when the student could have utilized an IHS facility.
- Students must provide the following items to ANMC PRC office with the following before they will be eligible for the student program.
 1. An official letter from the school's registrar or office of admissions verifying the student's attendance will be (is) full-time. This letter is **required for every semester** the students attending school on a full-time basis. Only those students who maintain their Alaska residency are eligible for the ANMC PRC student program.
 2. Proof of eligibility must be on file at ANMC PRC for the student and all legal dependent family members. We accept Certificate of Indian Blood by the Bureau of Indian Affairs, Bureau of Indian Affairs Card or a tribal membership card issued by a federally recognized tribe.
 3. Complete the patient registration worksheet and provide a copy of your valid State of Alaska identification or driver's license.
 4. Date of departure from Alaska (i.e. copy of the airline ticket or itinerary, ferry system tickets and/or gas receipts) depending on the means of travel.
 5. Anticipated date of return to Alaska (i.e. copy of the airline ticket or itinerary, ferry system tickets and/or gas receipts) upon your return to Alaska.
 6. The student's temporary mailing address and contact telephone number while going to school.

Not returning these documents could result in a delay in ANMC PRC authorizing medical services the student may need.

REQUIREMENTS FOR MEDICAL SERVICES:

- Emergent medical care** for outpatient or inpatient services must be reported to ANMC PRC within **72-hours** (including weekends and holidays) after the beginning of treatment. ANMC PRC will be unable to authorize payment if notifications is not given to ANMC PRC within the 72-hours. Final authorization is not granted until the patient provides ANMC PRC with the medical records which are reviewed by medical professionals to determine if the care received qualifies as immediate care and treatment.
- Acute or urgent medical services** must be pre-approved prior to scheduling medical appointments. The student has the ultimate responsibility of getting pre-authorization from ANMC PRC; however, any person acting on behalf of the student may request pre-authorization. Final authorization is not granted until the student provides ANMC PRC with the medical records and the medical records are reviewed by medical professionals.
- If upon review the care received does not meet the criteria of **immediate care and treatment**, PRC will not authorize payment and the student will then be financially responsible. **If payment is approved, students are ultimately responsible for ensuring PRC receives all claims and applicable insurance information in a timely manner. PRC will not be responsible for delinquent accounts due to untimely submission of claims and/or insurance information.**
