Effective Tuesday, January 2, 2018:

The ANMC Pulmonology Clinic, Sleep Center and Pulmonary Function Lab are located just a few blocks from the Alaska Native Medical Center in the Alaska Pacific Medical Building. Our new address is 3976 University Lake Drive and we are located on the first floor of the building. Our clinic phone number has changed to (907) 729-8141.

Why the move?

As ANMC's patient population grows and the need for services increases, this clinic is growing to keep up with our current access needs. In addition, ANMC added six sleep study rooms in this location, so our people can do their sleep studies at the new Sleep Center located in this clinic.
